

Marcus Selles

P: 908-943-3112 E: Marcus.selles@gmail.com

Education

B.S. Molecular Biology	June 2013 – May 2017
<i>Montclair State University, Montclair, NJ</i>	
Master of Biomedical Sciences	August 2018 – May 2020
<i>Rutgers University – NJMS Campus, Newark, NJ</i>	
Doctor of Medicine	Expected Graduation 2026
<i>Howard University College of Medicine, Washington, DC</i>	

Presentations

“Outcomes and Complications Associated with 191 Carbon Fiber Pedicle Screws in Spinal Oncology Patients”

- Accepted for poster presentation at the Virginia Orthopaedic Society’s 79th Annual Meeting, Roanoke, VA.
- Accepted for JRGOS Resident and Medical Student Research Competition, March 2026

Selles M., Atrash S., Voorhees P., “Access and Outcomes of CAR-T Cell Therapy in Relapsed/Refractory Multiple Myeloma by Race” Poster Presentation, National Medical Association Conference. Chicago, IL. July 2025.

Selles M., Japa J., Yoon K., Obiofuma C., Ehioghae M., Mesfin A., et al. “Carbon Fiber Implants for Spinal Tumors: Outcomes and Complications”

- Accepted for e-poster AAOS 2026
- Poster presentation, MedStar Health-Georgetown University Research & Education Symposium, May 2025

Kolade D. MD, Benn, L., **Selles, M.** “Perceptions of Patient Safety Amongst Orthopaedic Surgery Residents” Poster Presentation, Virginia Orthopaedic Society Annual Meeting. Tysons, VA. May 2024.

Selles M., Mesfin A. MD, Tannous O. MD. “Carbon Fiber Instrumentation for Spinal Tumors: A Systematic Review of The Literature and Case Series”

- Medical Student Orthopedic Society Research Symposium. Washington, DC. April 2024.
- 2nd Place Poster Presentation Award for Orthopaedics Category, Ortho Women of Howard Annual Research Conference. Washington, DC. March 2024.
- SNMA Region VI Medical Education Conference. Washington, DC. December 2023.
- National Medical Association Conference. New Orleans, LA. July 2023.

Innella K., Levidy M., Kadkoy Y., Lin A., **Selles M.**, et al. "Local Zinc Treatment Enhances Bone Healing In Femur Fracture Model In Diabetic Rats". Poster presentation, Orthopaedic Research Society Annual Meeting. Virtual. February 2021.

Carbon Fiber–Reinforced PEEK Instrumentation in Spinal Tumor Surgery: A Systematic Review", submitted to European Spine Journal, February 2026

Honors & Awards

Cobb/IMF Medical Student Scholar for Health Equity in Myeloma	2025
2 nd Place Poster Presentation – OWH Research Conference	2024
Nth Dimensions Summer Internship Scholar	2023
Howard University Medical Alumni Association Scholarship Recipient	2023 & 2024
Lambda Upsilon Lambda Fraternity Inc. <i>Undergraduate of The Year</i> award	2016
Order of Omega Leadership Honor Society Inductee	2015
Northeast Regional Alliance Summer Program Scholar	2014-2016

Leadership

AAMC First Step Career Skills	July 2025
<i>Interviewee</i>	

I was selected to participate in a national AAMC video initiative introducing premedical competencies to middle and high school students. During the initiative I reflected on development of core competencies including scientific problem-solving (Human Behavior, Living Systems, Scientific Inquiry) and analytical reasoning (Critical Thinking). The interview is featured in educational videos distributed via social media, conferences, webinars, and AAMC partner platforms.

Project SHORT	March 2024 – Present
<i>Pre-Health Mentor</i>	

Project SHORT was created with the goal of combatting socioeconomic and systemic inequalities in the medical and graduate school admissions processes. As a mentor I provide free personal statement reviews, mock interviews, and any other advice that pertains to improving medical school applications.

Nth Dimensions	June – July 2023
<i>Scholar</i>	

Participated in an 8-week summer internship to increase exposure to the field of orthopedic surgery. This included participating in clinic hours, scrubbing into surgeries, a community service project, and working on a research project with my preceptor Dr. Addisu Mesfin at MedStar Georgetown which I presented at the 2023 NMA conference in New Orleans, LA.

HUCM Admissions Committee/ Recruitment chair	July 2022 – Present
<i>Student Representative</i>	

I serve on the student council as an admission representative where I attend weekly meetings to vote upon student interviewees for admission. I also lead and organize open house meetings held monthly and attend student Interview days. I offer mock interviews and application reviews to perspective students as well in hopes of increasing the number of underrepresented physicians.

Student National Medical Association

July 2022 – Present

Minority Association of Pre-Medical Student Liaison (2022)

I mentor Howard University pre-med students guiding them to be stronger applicants for medical school. Hosted the *MAPS Med School Application Workshop* in March 2024, which we created to help pre-medical students in need of guidance navigating applications.

Orthopedic Surgery Interest Society Executive Board

July 2023 – Present

President

During my tenure, we organized suture clinics in collaboration with orthopedic surgery residents from Howard University. Additionally, we co-sponsored a hip and knee cadaver lab with Zimmer Biomet, where students had the opportunity to perform total knee and hip replacements on cadavers using Zimmer products, all under the guidance of orthopedic residents. To further promote research, we facilitate weekly meetings aimed at expanding medical student involvement in research opportunities within the orthopedics department. I also initiated "Fracture Fridays," a program where we review case images and diagnoses, providing students with increased exposure to the field and its complexities.

Orthopedic Women of Howard

July 2023 – Present

General member

Presented at the annual research conference in March 2024.

Freedman's Clinic, HUCM

Present

Student doctor

Provided free healthcare to patients through the student clinic. Served as a translator for patients.

Premed Gems Podcast

February 2023

Special Guest

Featured as a guest on a podcast for non-traditional pre-medical students providing tips on how to excel on medical school interviews. Episode Link: <https://podcasters.spotify.com/pod/show/premed-gems/episodes/The-Big-Interview-Adiscussion-with-an-M1-from-Howard-University-College-of-Medicine-e1uorcm>

Student Family Healthcare Center, NJMS

November 2019 – August 2021

Case Worker

Provided proper community resources to patients without insurance including, but not limited to charity care insurance, referrals to mental health clinics, housing.

Minority Student Association

January – March 2020

Lead Tutor

Implemented a tutoring program and established an academic curriculum focusing on NJSLA, SAT, and AP testing preparation at Arts High School in Newark, NJ. Ended due to COVID.

Global Medical Brigades

March 2016

Volunteer

Traveled to Panama for 6 days to assist physicians in administering free healthcare screens, taking vitals, and dispensing medications to a community with no access to hospitals. Helped create 'Charlas' which helped local Indigenous peoples learn the basics of hygiene. Also participated in installing an irrigation system for a tribe in the city of Torti, Panama.

Lambda Upsilon Lambda, Fraternity Inc.

Member

Created a \$500 annual scholarship for first generation students. Under my presidency was awarded 'Chapter of the Year'. Completed over 300 hours of community service. Created a community service event in which students handed out over 100 sandwiches and beverages to the homeless community in Newark.

Work Experience

Bristol-Myers Squibb

October 2020 – June 2022

Manufacturing Associate/Trainer, CAR-T

Manufactured human blood derived components per Standard Operating Procedures in a controlled, cGMP cleanroom with aseptic technique. Helped ensure the commercialization of Breyanzi® by participating in both APS and clinical lots without major deviation. Certified trainer of equipment and processes related to Breyanzi® CAR-T therapy. Lead manufacturing investigations towards process impacts in a timely manner via the DEV/CAPA/ Lab Investigation system.

Rutgers University (NJMS)

September 2019 – January 2020 *Graduate Assistant/ Course Instructor*

Formulated and maintained a grading log for 160 students and was the primary point of contact for students. Reviewed and edited term papers for students before final submission.

California Emergency Physicians

August 2016 – December 2019

Emergency Room Medical Scribe

Documented more than 5,000 patients' medical histories, labs, vitals, and patient health records. Worked with both 'All Scripts' and 'Epic' EMR systems in maintaining prompt and organized responses in a high-stress work environment.

Walgreens Pharmacy

December 2015 – June 2015

Pharmacy Technician

Prepared and processed medical insurance claim forms and records. Maintained pharmacy inventory by checking stock; anticipating needed medications and supplies; placing and expediting orders; verifying receipts; removing outdated drugs.
